EAST SIDE NEWS.

TRAIN CRUSHED BAGGAGEMAN-MAN ATTEMPTED SUICIDE.

Disastrous Trip of Eleven Miles' Run on the Illinois Terminal Railroad.

James McGuire, baggageman on the Riinois Terminal road, sustained injuries while switching in the yards of the Hilmois Glass Works, at Alton, yesterday morning, whice resulted in his death.

A young man, whose name is supposed to be Stanton, made two attempts to commit suicide at Edwardsville, by throwing himself beneath the same train which crushed liaggeman McGuire. He would have been successful in his attempt had it not been for the prompt action of Conductor Sam Ashe.

siaggeman McGuire. He would have been successful in his attempt had it not been successful in his attempt had it not been for the prompt action of Conductor Sam Ashe.

The train runs from Alton to Edwardsville, a distance of eleven miles. It entered over the main lead at Alton and set a string of cars near house No. 8. Then with the engine and a car of coke they pulled a car of coal from track No. 1 on the opposite side of the lead and passed the string, going as far as house No. 19. The end car was in the clear sufficiently, so that the engine and I two cars passed on the first trip.

On the return, McGuire, who was assisting in the switching, was hanging on the side of the coke car. The snow was blowing in his eyes, and the fireman leaned from the cab window and rubbed his hands together, a signal that the cars were not altogether in the clear. McGuire noticed the sign and started to pull himself between the two cars, but too late.

His head struck the car and he fell under the train. His left foot touched the rail and the heel was cut off. McGuire was picked up and taken back to Henry street in the coach and conveyed to St. Joseph's Hospital, where he succumbed shortly after to internal injuries.

The train proceeded to Edwardsville, and as it entered the Wabash station there a young man on the platform, whose name is said to have been Stanton, threw himself from the platform toward the moving cars. The end of the baggage car struck him and he was rolled between the car and the freight platform for a distance of twenty feet. He was dragged, but escaped injury. A few minutes later, after the passengers had been discharged and the train started for the south yards, he made a second attempt to throw himself before the cars, but was caught by Conductor Ashe, who had been watching him. He afterward wandered away, and although the police looked for him all afternoon he could not be found.

McGuire was prominent among railroad men.

To his willingness to work, is due his death. Yesterday was his day to lay off. Con

Edwardsville Notes

Edwardsville Notes.

The January term of the Circuit Court opens at Edwardsville this morning. Judge B. R. Burroughs will preside, and there is a possibility that another Judge may be greent, in which case two courts will be carried on at the same time. Judge William Hartzell is in St. Louis undergoing treatment, and his physicians have decided that it would not be wise for him to return to the bench at present. The criminal docket will be taken up. The Grand Jury will be charged and organized, but it is not likely that the body will remain in session more than a day or two. There are in Jall several prisoners who have signified a desire to plead guilty, and it is understood that Prosecuting Attorney R. J. Brown will have the witnesses on hand and indictments may be specify found. If this is the case the Judge will at once discharge the jury for a week or two, in order that the Prosecuting Attorny may attend to the case, which will come in the Circuit Court.

The heavy snow has somewhat affected railing the country of the country of the case of the limits and the country of the countr

Pung secretary.

—Raiph Shidler, late of Company H, Sixth Reg-iment, has returned from two years and a half service in the Philippines. CORONER HELD TWO INQUESTS.

Populy Coroner C. N. Streeper of Upper Alton yesterday held an inquest over the body of John Sacker of Alton, who was killed by being struck by a Chleago and Alton train near the foot of Washington street, Friday night, and also upon the body of George Hendricks, the Big Four freman, who was killed in the wreck at Moro. The jury that inquired into the death of Sacker found that his death was caused by being struck by train No. 29 on the Chleago and Alton Railroad. The jury also found that the train was running at a rate of between fifteen and twenty miles an hour when Sacker was struck. The funeral of Sacker will take place this morning from St. Mary's Church in Henry street. The Reverend Father Joseph Meele will officiate and the burial will be in St. Joseph's Cem-ctery.

The inquest over the body of the dead fire-

ctery.

The inquest over the body of the dead fireman did not reveal the cause of the wreck.

The body of Hendricks was ahlpped last evening to Burlington Junction, Mo., where the funeral will take place to-day. -M. W. Clark was in Alton yesterday and made arrangements with General Manager H. H. Ferguson of the Illinois Terminal Railroad to run a special train from Edwardsville to Alton on Friday night next to bring the Edwardsville Elks to attend the play "A Night in Honemia," which will be given at the Temple Theater in Alton by the Alton Lodge of the Benevoient and Protective Order of Elks. -George Duncan of Alton departed yesterday for New York City.

inches; failing and lee thinning out. Snowleg;
cold. Departed: Hen Hur, Pittsburg, 5 a. m.;
Keystene State, Pittsburg, 5 p. m.

Louisville, Ky., Jan. 11.—River failing; in
canal 11.4 feet; on falls 3.2 feet; below looks
22.3 feet. Cloudy and colder.

The East St. Louis Jefferson Democratic Club, which has just been organized, will hold a meeting this evening in its quarters

Cincinnati, O., Jan. II.—River 20 feet, and fall ing. Cold and snowing.

Pittsburg, Pa., Jan. II.—River 5 feet, and falling. Clear and cold. **OUR PATTERN DEPARTMENT**

fabrics.

A stylish model is shown here developed in steel cheviot, with white broadcloth trimmings. It is shaped with seven well-proportioned gores, fitted smoothly around the waist and over the hips without darts. The closing is made invisibly at the center back.

waist and over the hips without darts. The closing is made invisibly at the center back in habit effect and the seam stitched from belt to hem.

The skirt is sheath-fitting to the knee. Extensions added on the sides of the gores below this point are arranged in double box plaits that are fastened under straps of the cloth. The seams are outlined in a similar manner and the points of these bands fastened securely with small cut steel buttons. The box plaits are fastly pressed, but not stitched, and flare gracefully at the floor, providing as much, if not more, sweep at the hem than a flounce would and still retaining the long, graceful lines of the gores. Fashionable skirts in this mode are made of poplin, sibeline, broadcloth, melton, covert or Venetian, with bands of the same fabric or contrasting material for trimming.

providing as much, if not more, sweep at the hem than a flounce would and still retaining the long, graceful lines of the gores.

Fashionable skirts in this mode are made of poplin, sibeline, broadcloth, melton, covett or Venetian, with bands of the same fabric or contrasting material for trimming. Fancy braids and velvet applique are also used for this purpose and claborate figures applied on the box plaits.

To make the skirt in the medium size will require five and one-half yards of forty-four-inch material. The pattern, No. 8775, is cut in sizes for a 22, 24, 26, 28, 39 and 22 inch waist measure.

Giris' Shirt-Waist Costume, No. 8290—Shirt-waist suits are, in a way, taking the place of biouse costumes for school and afternoon wear. They are stylish, comfortable and a decided change from the usual mode of dress for little girls.

The suit illustrated consists of a boxplaited shirt waist of light blue fiannel and a gored skirt of blue and black plaid.

The waist is simply adjusted with shoulder and under-arm seams, having three box
